	To order further kits, refill sets or packs of individual items please contact us.		
Instructions for use:	It is important that a suitable and sufficient Risk Assessment is carried out on each incident and correct PPE is worn.		
	Depending on the nature of the spill a combination of the contents of the kit may be used.		
Compatibility:	The absorbents within this kit may be safely used with all aqueous solutions and liquids immiscible with water, such as hydrocarbons, solvents, mineral oils, <i>with the exception of strong oxidising agents</i> .		
	Before any use in a spill situation a proper risk assessment should be carried out and all		
	hazardous properties of the liquid or dangerous reactions taken into account.		
Disposal:	Used sorbents may be disposed of by landfill or incineration, in accordance with local and national regulations, taking into account the classification of the liquid absorbed.		
Safety Data: Note:	Further technical advice is available if required. All weights, dimensions, and other figures quoted are approximate.
