**Replenishment:** A full refill kit is available for this product. Please use code 0174/7/R. To order further kits, refill sets or packs of individual items please contact us.

**Instructions for use:** It is important that a suitable and sufficient Risk Assessment is carried out on each incident and correct PPE is worn.

Depending on the nature of the spill a combination of the contents of the kit may be used.

**Compatibility:** The absorbents within this kit may be safely used with all liquids immiscible with water, such as hydrocarbons, solvents, mineral oils.

Water-repellency exceeds requirements of BS 7959-2:2000.

Before any use in a spill situation a proper risk assessment should be carried out and all hazardous properties of the liquid or dangerous reactions taken into account.

**Disposal:** Used sorbents may be disposed of by landfill or incineration, in accordance with local and national regulations, taking into account the classification of the liquid absorbed.

**Safety Data:** Further technical advice is available if required.

**Note:** All weights, dimensions, and other figures quoted are approximate.
