

Product Summary

1840/DD/TM

Decontamination decks keep personnel above hazardous material.

Benefits

The system provides for multiple washes and rinses on a single containment platform eliminating the need for multiple containment pools. Set-up time and staffing are reduced significantly using this process and workers are never expected to stand in contaminants.

- Replaces conventional containment pools - contaminated water is captured in deck sump and attached 66-gallon bladder(s).
- Quick and easy set-up.
Use for chemical, biological, and/or radiological response.
- All decks are slip resistant

Colour:	Black / Orange
Weight:	41kg
