

## Ultra-Containment Wall®

Product Code - 0119/UCW/3

### Product Summary

**Modular, hard-walled system provides long-term, high capacity spill containment.**

#### Features

- Modular wall sections and corners can be easily assembled to form almost any size/shape spill containment area needed.
- Heavy-duty, textured polyethylene liner (supplied separately) provides rugged, impermeable barrier to capture leaks and spills.
- Creates large, semi-permanent containment areas.
- Provides much more capacity than shorter walled containment systems.
- Versatile system can be easily disassembled for reuse at future sites.
- Unlike some containment systems, the Ultra-Containment Wall is not secured to the substrate so it is perfect use in car parks, sand, rocky/muddy/frozen soil or on concrete areas.

Part Number	Description	Dimensions	Weight	Max. Fill Height
0119/UCW/3/W	90cm Wall	218 x 61 x 91 cm	35 kg	90cm
0119/UCW/3/C	Corner section for 90cm wall	93 x 48 x 91 cm	11kg	90cm
