

Product Summary

1840/TBB

A portable, re-usable bund for pole transformer transportation.

- **Construction:** 900 gsm PVC-coated material, RF welded. Two pockets in base to hold absorbent pads, 12mm metal eyelets around top for rope fixing (Pads can be re-ordered using Product Code - PDG24MD100BG)
- **Properties:** Tensile strength of material: 4000/3500 N per 50 mm strip (BS3424/6B)
- **Tear strength of material:** 1000/800 N (BS3424/7B)
- **Coating Adhesion:** 90 N/50mm (BS3424/9B)
- **UV resistance:** Good

Benefits

Avoids the need to pump and drain transformers on site. Contains leaks during transportation.

Suitable for short term contact/storage of oil or oil contaminated water.

For other applications please consult our technical department.

Safety Data

If contaminated, wash thoroughly before returning to store or re-installing the bag. Further technical advice is available if required.

Colour:	Yellow
Size:	H x W x D: 130 x 125 x 75mm

***Please note:** Do not use to lift when laden with the pole transformer.
